Casoola: When Worlds Collide

Created through a VR glitch, Casoola's the only Casino created by robots for robots, humans, humanoids (and all other denominations). Caszilla, a clumsy yet friendly ten-metre petBot, runs the show; chase him round town for Bonuses and promotions!

Game providers

The top of the (metal) heap

Take a Hike with Spike Out and about at Casoola

1. No binary, no rocket science: register easily and join the chase for Caszilla as you enjoy thousands of slots, table games, jackpots and a Live Casino lounge with real human dealers.
2. Play at Casoola using the most widely accepted payment methods on Earth. Everything works with robotic efficiency, so expect quick and reliable transactions without any Error 404's.
3. Support is just a tap away: Wiktor's Customer Support Squad is available 24/7 via phone, email or live chat. They speak your language.

ENTER THE FRAY WITH A 100% Up to \$/€/£1500 + 200 Free Spins
